

Wayne State & Office Depot Partnering for GreenerOffice™ Delivery Tote Program

1

Why change the delivery program?

40% post consumer recycled boxes.
Heavier and uses more wood fiber.

40% post consumer recycled bag.
Lighter and uses less wood fiber.

2

How does it work?

WSU orders are sealed in recycled bags vs boxes unless an item is in a manufacture carton

The bags are protected during shipping with Reusable Plastic Totes (60% post consumer recycled plastic)

3

Additional Information

The primary benefit to the environment comes from replacing boxes with bags

Reduces not only wood fiber use, but net energy, greenhouse gases, wastewater, solid waste with reporting available to WSU

Office DEPOT.
